Your Homeowner Savings Guide

Prepared for: **Batch Test**
Property: 3304 North Ridge Road
Leon County, Florida · Generated March 5, 2026

Property Tax Exemptions & Credits You May Qualify For

Based on your property in Leon County, Florida, we have identified the following property tax exemption and credit programs that may apply to you. Each program listed below includes eligibility requirements, estimated savings, and instructions for how to apply. *Since we do not collect personal information such as age or veteran status, each program below is listed as "If you qualify..." so you can identify which programs may apply to your household.*

Homestead Exemption

Up to $50,000 exemption on your home's assessed value. The first $25,000 applies to all taxing authorities. The second $25,000 applies to assessed values between $50,000 and $75,000 (excludes school district taxes).

Estimated Savings: $500-$1,200/year

Eligibility: Must be a permanent Florida resident as of January 1, own the property, and occupy it as your primary residence.
Deadline: March 1 annually
Form: DR-501
Apply: https://floridarevenue.com/property/Pages/Forms.aspx
Must file initially with the county property appraiser. Once granted, it renews automatically each year unless your status changes. Late applications accepted through early September with supporting documentation.

Additional Senior Homestead Exemption

Additional exemption of up to $50,000 for homeowners 65 and older with a household income below the qualifying threshold.

Estimated Savings: $500-$1,000/year

Eligibility: Must be 65 or older, have a homestead exemption, and have an adjusted gross household income not exceeding $36,614 (adjusted annually by CPI).
Income Limit: $36,614 (adjusted annually)
Deadline: March 1 annually
Form: DR-501SC
Apply: https://floridarevenue.com/property/Pages/Forms.aspx
Must provide proof of age and income documentation. Some counties have adopted a local ordinance providing an additional exemption for long-term senior residents with household income below $20,000.

Disabled Veteran Exemption

Veterans with a service-connected total and permanent disability rating may receive a full property tax exemption on their homestead. Veterans 65+ with a combat-related disability of 10%+ may receive a discount on property taxes.

Estimated Savings: Full exemption for total disability; varies for partial

Eligibility: Must have an honorable discharge and a VA-rated total and permanent disability for full exemption, or be 65+ with a 10%+ combat-related disability for the discount.
Deadline: March 1 annually
Form: DR-501DV
Apply: https://floridarevenue.com/property/Pages/Forms.aspx
Surviving spouse of a veteran who died from service-connected causes may also qualify for the full exemption. Must provide VA disability letter.

Total and Permanent Disability Exemption
Full exemption from property taxes on the homestead for persons who are totally and permanently disabled.

Estimated Savings: Full property tax exemption

Eligibility: Must have a total and permanent disability as certified by two Florida-licensed physicians or the VA.
Deadline: March 1 annually
Form: DR-416
Apply: https://floridarevenue.com/property/Pages/Forms.aspx
Requires annual income certification (gross household income not exceeding the statutory limit).

Widow/Widower Exemption
$5,000 exemption on the assessed value of the property.

Estimated Savings: $50-$100/year

Eligibility: Must be a widow or widower and a permanent Florida resident. Must not have remarried.
Deadline: March 1 annually
Form: DR-501
Apply: https://floridarevenue.com/property/Pages/Forms.aspx
This is a smaller exemption but can be combined with the homestead exemption for additional savings.

Save Our Homes Cap (3% Annual Increase Limit)

Limits increases in the assessed value of your homestead to 3% per year or the Consumer Price Index, whichever is lower.

Estimated Savings: Varies significantly; long-term homeowners often save thousands per year

Eligibility: Automatic for all properties with a homestead exemption. Takes effect the January 1 after the homestead is established.
Deadline: Automatic with homestead exemption
This cap only applies to the assessed value (not school board millage). The difference between your assessed value and just (market) value is called the "SOH benefit." You can transfer up to $500,000 of this benefit to a new homestead anywhere in Florida (Portability).

Portability (Transfer of SOH Benefit)
Transfer up to $500,000 of your Save Our Homes benefit from your previous homestead to a new one anywhere in Florida.

Estimated Savings: Can transfer thousands in accumulated SOH savings

Eligibility: Must establish a new homestead within 3 years of leaving your previous homestead. Must have had a homestead exemption on the previous property.

Greenbelt (Agricultural Classification)
Land used for bona fide agricultural purposes is assessed based on agricultural use value rather than market value.

Estimated Savings: Often reduces land value by 50-90%

Eligibility: Land must have been used for agricultural purposes for at least the previous 5 years (or since purchase if shorter).

Source: https://floridarevenue.com/property/Pages/Taxpayers_Exemptions.aspx
These programs are independent of your property assessment. You can apply for exemptions regardless of whether you file a property tax appeal. Even if your assessment is accurate, you may be overpaying taxes simply because you have not applied for exemptions you qualify for.
Exemption programs and eligibility requirements change periodically. The information above is current as of 2026-03. Verify current requirements with your county assessor's office before applying.

Reassessment Protection Guide

Understanding what triggers a reassessment of your property can help you protect your current assessed value and avoid unexpected tax increases.

Florida Save Our Homes (SOH) Protection
With a homestead exemption, your assessed value can increase by no more than 3% per year or the Consumer Price Index, whichever is lower. Over time, this creates a significant gap between your assessed and market value (the "SOH benefit").
If you move within Florida, you can transfer up to $500,000 of your SOH benefit to a new homestead (Portability). This is extremely valuable for long-term homeowners.

Actions That May Trigger Reassessment

- **Building permits:** Pulling a permit for renovations, additions, or structural changes will typically notify the assessor of improvements to your property.
- **Major visible renovations:** Exterior improvements such as new roofing, siding, additions, or added structures (pools, garages, ADUs) may prompt a reassessment even without a permit.
- **Listing on MLS:** Listing your home for sale, even temporarily, can expose a higher market value to the assessor, especially if the listing price significantly exceeds your current assessed value.
- **Refinance appraisals:** In some jurisdictions, a high appraisal obtained during refinancing can become part of the public record and influence your assessment.
- **Insurance rebuild valuations:** Replacement cost estimates from insurance claims can signal a higher property value.
- **Adding structures:** Pools, accessory dwelling units (ADUs), detached garages, and other permanent structures increase your property's value.

How to Protect Your Current Assessment

- **Document your home's current condition:** Take dated photos showing any deferred maintenance, needed repairs, or functional issues. This documentation can support a lower valuation if challenged.
- **Keep records of needed repairs:** Maintain a list of deferred maintenance items (aging HVAC, roof wear, plumbing issues). These reduce your home's value relative to comparable properties.
- **Understand your reassessment schedule:** Know when your county's next reassessment year is so you are not caught off guard by changes.
- **Review your annual assessment notice:** When you receive your notice of assessed value, compare it to the prior year and to recent comparable sales in your neighborhood.

Your state's reassessment cycle: Florida reassesses property on a annual basis. Understanding this cycle helps you anticipate when your assessment might change.

What to Do If Your Assessment Increases

If your assessed value increases significantly, you have the right to appeal. The key steps are:

- Review your appeal deadline (see the Appeal Window section of this packet)
- Gather comparable sales data showing your home's actual market value
- Document any property-specific factors that reduce value (condition issues, location drawbacks, functional obsolescence)
- File your appeal before the deadline

AppealDesk can generate a comprehensive evidence packet if your assessment rises in the future. Visit https://www.appealdesk.com to get started.

Understanding Your Property Tax Bill

Your property tax bill includes more than just the base property tax. Understanding each component helps you identify which charges can be challenged and where potential savings exist.

Your Tax Breakdown at a Glance
Based on your current assessment of **$100,794** and annual tax of **$428.93**, your effective tax rate is approximately **0.43%**.
The effective rate includes all taxing jurisdictions (school district, county, city, and special districts) combined.

How Your Tax Is Calculated

The core formula is: **Assessed Value x Tax Rate = Base Property Tax**. Your total bill then adds special district assessments, voter-approved bonds, and various fees on top of this base amount.

Common Line Items You May See

- **School district levy:** Typically the largest portion (often 40-50% of total). Funds local public schools and sometimes community colleges.
- **County general fund:** Covers county services including roads, courts, public safety, and administration.
- **City/municipal tax:** Funds city services such as police, fire, parks, and infrastructure. Only applies if you live within city limits.
- **Fire/emergency services district:** Funds local fire protection and emergency medical services. Common in unincorporated areas.
- **Library district:** Funds local library operations and programs.
- **Stormwater/drainage fees:** Based on impervious surface area. Some jurisdictions bill these separately from the tax bill.
- **Voter-approved bonds:** Debt service on bonds approved by voters for schools, infrastructure, parks, or other public projects.
- **Solid waste assessment:** Some jurisdictions include trash collection fees on the property tax bill.
- **Special improvement districts:** Charges for lighting, sidewalks, or other neighborhood-level improvements.

Which Charges Can Be Challenged?

Challengeable **Ad valorem (value-based) taxes:** The core property tax based on your assessed value. This is what a property tax appeal addresses. Reducing your assessed value reduces this portion of your bill proportionally.

Separate Process **Special assessments and fees:** Flat-rate charges for specific services (stormwater, solid waste, special districts) often have their own dispute process. Contact your county for details.

Not Challengeable **Voter-approved bonds:** Bond levies approved at the ballot box generally cannot be individually challenged through the appeal process.

Where Your Tax Dollars Typically Go

While the exact breakdown varies by jurisdiction, a typical distribution of property tax revenue is:

~45%	~25%	~15%	~15%
Schools	County Services	City/Municipal	Special Districts

These are national averages. Your jurisdiction's breakdown may differ. Check your tax bill or county website for the exact distribution.

Energy Savings & Rebate Finder

Beyond property tax savings, significant financial incentives are available for home energy improvements. Many homeowners are unaware of these programs, which can save hundreds to thousands of dollars per year on energy costs.

Federal Programs (Available Nationwide)

Energy Efficient Home Improvement Credit (25C)
Tax credit of up to $3,200/year for qualifying home energy improvements including insulation, exterior doors, windows, central air conditioners, heat pumps, water heaters, and electrical panel upgrades.

Up to $3,200/year ($1,200 general limit + $2,000 for heat pumps/heat pump water heaters)

Eligibility: Available to all homeowners for improvements to their primary residence. Must meet ENERGY STAR or other efficiency standards.
How to claim: Claim on your federal tax return using IRS Form 5695. Keep receipts and manufacturer certification statements.
Available through: Through December 31, 2032
Details: https://www.energystar.gov/about/federal_tax_credits/tax_credits_702

Residential Clean Energy Credit (25D)
30% tax credit on the cost of solar panels, solar water heaters, battery storage, geothermal heat pumps, fuel cells, and small wind turbines.

30% of total system cost (no maximum limit)

Eligibility: Available to homeowners for installations on any home they own (primary or secondary). Must be a new installation, not previously used.
How to claim: Claim on your federal tax return using IRS Form 5695. Unused credit can carry forward to future tax years.
Available through: 30% through 2032, then 26% in 2033, 22% in 2034
Details:
https://www.energystar.gov/about/federal_tax_credits/renewable_energy_tax_credits

High-Efficiency Electric Home Rebate Act (HEEHRA)
Point-of-sale rebates for electrification upgrades: up to $8,000 for heat pumps, $1,750 for heat pump water heaters, $840 for electric stoves/dryers, $4,000 for electrical panel upgrades, and $1,600 for insulation.

Up to $14,000 total in rebates per household

Eligibility: Income-qualified: households earning less than 150% of area median income get the largest rebates. Moderate-income households (150-200% AMI) get

50% rebates. Above 200% AMI are not eligible for HEEHRA rebates.
How to claim: Applied as a point-of-sale discount through participating contractors. Check with your state energy office for availability.
Available through: Funds available until September 30, 2031 or until exhausted
Details: https://www.energy.gov/scep/home-energy-rebates-programs

Florida Programs

Florida Solar and Energy Loan Fund (SELF)
Low-interest loans for energy efficiency improvements and renewable energy installations for residential properties.
Details: https://cleanenergycreditunion.org/
Available to homeowners regardless of credit score or income. Covers solar, HVAC, insulation, windows, and more.

Solar Property Tax Exemption
Solar energy systems are exempt from property tax assessment in Florida. Your property taxes will not increase due to adding solar panels.
This is automatic under Florida law. No application needed. Your solar installation will not trigger a property tax reassessment.

Utility Rebate Programs
FPL, Duke Energy, Tampa Electric, and JEA offer rebates for high-efficiency HVAC, water heaters, insulation, and smart thermostats.
FPL offers some of the largest utility rebates in the state. Contact your electric utility for current programs.

Contact your utility provider (FPL, Duke Energy Florida, Tampa Electric, or JEA) for current rebate programs on high-efficiency equipment and solar installations.

Where to Start

For maximum savings, energy efficiency experts recommend this order of improvements:

1. **Air sealing and insulation first.** This has the highest return on investment and enables right-sizing of HVAC equipment. Typical savings: 15-30% on heating and cooling costs.
2. **HVAC heat pump upgrade.** Heat pumps provide both heating and cooling, qualify for the largest rebates, and can reduce energy costs by 30-50% compared to traditional systems.
3. **Water heater replacement.** Heat pump water heaters use 60-70% less energy than conventional models and qualify for substantial rebates.

Federal tax credits require filing IRS Form 5695 with your annual tax return. State and utility programs may have different application processes. Program availability and amounts are subject to change. Consult with a tax professional regarding your specific eligibility.

Property Tax Watch: Never Overpay Again

You have taken the first step by understanding your current assessment. Property Tax Watch ensures you stay ahead of any future changes, with automatic monitoring and alerts when your assessment increases.

- ✓ **Annual assessment change alerts** delivered to your inbox when your county updates your property value
- ✓ **Automatic overassessment detection** comparing your assessed value against current market data
- ✓ **Filing deadline reminders** so you never miss your window to appeal

Appeal Window & Deadline Summary

In Florida, the process for challenging your property assessment is called an "appeal." Here is what you need to know about timing and deadlines for Leon County.

Mark Your Calendar
Florida Appeal Deadline: 25 days from TRIM notice
Review Board: Value Adjustment Board (VAB)
County: Leon County, Florida

The typical appeal window in Florida is **August – September**. During this period, homeowners can file a formal appeal of their assessed property value.

When Your Appeal Window Opens
Your appeal window typically opens when you receive your **Notice of Assessment** from the county. This notice is mailed to property owners, usually in the spring. **Keep this notice.** You will need it to file your appeal. It contains your property identification number, current assessed value, and instructions for filing.

Florida Appeal Process

If you choose to appeal, the process follows these levels:

1. County Property Appraiser (Informal)
2. Value Adjustment Board (VAB)
3. Circuit Court

An **informal review** is available before the formal hearing in most jurisdictions. This is often the fastest path to resolution.

If you need a complete evidence packet to support your appeal, AppealDesk can generate one with comparable sales analysis, a cover letter, and filing instructions tailored to your property. Visit https://www.appealdesk.com to get started.

This guide is for informational purposes. Exemption eligibility and program details should be verified with your county assessor's office before applying. Energy rebate programs are subject to change and funding availability. Consult with a tax professional regarding your specific eligibility for tax credits.
